Rhine cycle path | Mainz-Cologne

Schon die Römer liebten den Rhein...

From Mainz to Cologne.

The Romans have been here already 2000 years ago because of the thermal springs and the heal-ing water from river Rhine. Today there are a lot of medieval fortresses, viniculture and well worth seeing cities as well. People are coming from all over the world to visit the Rhine valley between Mainz and Coblenz which is part of UNESCO world cultural heritage since 2002.
