In order to increase the level of relaxation, we have arranged three double overnight stays for you. We took special care when selecting the accommodation. You will either spend your nights very comfortably, directly at the sea or in a very charming ambience. There is always a pool at your disposal and almost always a spa area. # Itinerary

## Day 1 Arrival in Palma de Mallorca

Today you can take in the atmosphere of the island's capital. In the evening there is a tour briefing and bike issue.

## Day 2 Palma - Colònia Sant Jordi | approx. 65 km

From the Placa d'Espanya you cycle by the sea and follow the coastal cycle path to Playa de Palma. Continue along the coast to Capocorp Vell, the kingdom of the Cyclops (remains of traditional houses). Wind turbines line your way to the salt fields of Llevant where you see the pink-white shimmering salt lakes. Before you reach your accommodation, you'll find the white sandy beach 'Es Trenc'. It's considered the most beautiful in Mallorca, so take a break or cool off in the deep blue sea.

## Day 3 Colònia Sant Jordi - Porreres | approx. 55 km

Once again, you will love the coastal landscape in the picturesque bay of Cala Santanyi and the famous natural bridge 'Es Pontas'. As you travel inland things become quieter. You'll see low stone walls bordering fields. For centuries, the gnarled olive trees in the fields were protected by stately fincas.

## Day 4 Excursion to Ampos and ist windmills | approx. 40 km

Nowhere in the world is there so many windmills in one small area as on Mallorca. In the past they were an important part of agriculture on the island. Their function was either to grind grain or to pump water into the fields. On today's stage, you will pass some very beautiful examples.

## Day 5 Perreres - Alcudia | approx. 55 km

The route takes you along beautiful paths through olive groves via Sant Joan to Petra. Here a traditional Mallorcan 'lunch snack' is prepared for you in a restaurant on the lovely village square. Through one of the most enchanting landscapes of the island, the 'Pla', you will cycle to charming Santa Margalida and further on to the coast. It's not far along the Playa del Muro until you reach your hotel in Alcudia. Enjoy the flair of the medieval city on a walk through the narrow streets.

**Day 6****Alcudia - Port de Sóller**

approx. 55 km + bus transfer

Accompanied by almond trees you cycle along the World Heritage site of Tramuntana to the 'leather city' Inca. From here the transfer bus takes you to the monastery Lluc (visit possible) and further to 1200m above sea level. The departure by bike leads to one of the most beautiful villages in Spain, Fornalutx. There you can enjoy delicious paella in a cosy terrace restaurant. Continue through orange and lemon groves down to Port de Sóller, one of the island's most charming fishing villages.

**Day 7****Port de Sóller - Palma**

by train

Take the old tram (excl.) to Soller. From there the famous train heads up the serpentine line and down through the valley of oranges to the capital of Palma. At the station, our city guide will be waiting to take you on a tour of the beautiful old town.

**Day 8****Departure or extension**

**Porreres: Finca son Roig 4\*\*\*\***

This historic country house, located about 5 km outside Porreres, was carefully restored only a few years ago. **Alcudia: Hotel Can Mostatxins 4\*\*\*\***

Two historic buildings in the old town of Alcudia were connected for the hotel. Original stone walls from the 15th century, high ceilings and stained glass windows create a very special flair.
