

Hamburg - centre based tour

Hamburg - centre based tour

Pure hanseatic atmosphere

This tour is an absolute insider tip! You live in the first-class hotel "Zollenspieker Fährhaus" - right at the banks of the Elbe, at the gates of Hamburg. The hotel, the historic traditional house and the large beer garden are considered to be one of the most beautiful destinations in Hamburg and offer ideal opportunities for wonderful bike trips. You cycle along the Elbe to the beautiful town of Lauenburg and you visit the old salt town of Lüneburg with its magnificent patrician houses. Discover Winsen an der Luhe, stroll through the Vierland nature reserves comfortably and visit the Bergedorf and Reinbeck castles with their idyllic parks on the banks of the Bille. Of course, Hamburg is not neglected either, because a varied day tour takes you through the center of the beautiful port metropolis. You cycle to the historic town hall and the 'Michel', through the Speicherstadt to the Elbphilharmonie, on the landing bridges and through the old Elbe tunnel, which is mostly used by pedestrians and cyclists, and through the port of Hamburg. A radial tour can hardly be more varied!

Itinerary

Day 1**Individual arrival in Hamburg-Bergedorf**

The longest stage with the most beautiful destination is ahead of you today: the individual journey to the Hotel Zollenspieker Fährhaus. We recommend that you arrive early today and enjoy the unique location with a wide view over the banks and the Elbe and let it sink in. There is no better way to get in the mood for the upcoming days.

Day 2**Elbe cycle path to Lauenburg**

approx. 31-67 km

A whole day at the beautiful Elbe! You cycle on the marshland dam and enjoy wide views to the right and left of the Elbe. After 15 km, marvel at the large and remarkable Elbe bridge with barrage and lock systems in Geesthacht. This impressive technical system regulates the entire water level for the port of Hamburg! Then the Elbe cycle path takes you through the wooded nature reserve 'Hohes Elbufer' to the boat town of Lauenburg. Richly decorated, colorful half-timbered houses await you here in the picturesque old town, the Elbe shipping museum and, as a nostalgic eye-catcher on the promenade, the historic paddle steamer "Kaiser Wilhelm". After a worthwhile break, you can roll back to the hotel on the left bank of the Elbe.

Day 3**Round trip to Lüneburg**

approx. 42-68 km

Another day with new destinations! You use the Elbe ferry again and in the morning follow the well-signposted Ilmenau cycle path along the tranquil course of the river, whose area is consistently designated as a European nature reserve with its tributaries and floodplains. Via Oldershausen with typical old courtyards and Bardowick with the unusual cathedral, you finally cycle on the historic towpath on the Ilmenauufer directly to the old salt and Hanseatic city of Lüneburg. The undestroyed medieval cityscape still presents many stone witnesses of the rich past with the monumental patrician houses. Visit the exciting German Salt Museum in Lüneburg with unique exhibits on the 1,000-year history of local salt mining. Then take a well-deserved break on your circuit in Winsen an der Luhe with its beautiful castle, before you end this day with many impressions in the beautiful hotel.

Day 4**Hamburg Hafen and City**

approx. 46-64 km

In the morning you cycle from the hotel to downtown Hamburg on the Elbe Cycle Path and take an extensive sightseeing tour by bike. Marvel at the historic Hamburg City Hall, enjoy the atmosphere at the Jungfernstieg and visit the city's landmark, the 'Michel' (Michaeliskirche). On secret paths you roll on to the Elbe promenade, where the cosmopolitan city of Hamburg can really be felt! We continue through the Speicherstadt to the Elbphilharmonie and over the St. Pauli Landungsbrücken to another highlight of the trip, the Old Elbe Tunnel. Opened more than 100 years ago as a technical masterpiece, it leads over 420 m length under the Elbe at a depth of 24 meters and is now used by over 60,000 cyclists and 700,000 pedestrians every year. What an experience! At the other end, you leave the large elevator and stand right in the lively harbor. Here a safe bike path leads you through the "Freihafen" to Wilhelmsburg and on to the beautiful old Harburg Elbe bridge. You then cycle south of the Elbe back to the hotel on small roads.

Day 5**To the castles in the Billetal**

approx. 39-53 km

Today also offers a lot of variety, because eight important sights are on the route. The functioning Riepenburg grain windmill, the Reinbek Castle, built in the style of the Dutch Renaissance, or the Bergedorf Castle with its parks on the Bille. You can also visit the Neuengamme concentration camp memorial and trace the work and life of Otto von Bismarck (museum, permanent exhibition and mausoleum). Or visit the 'Garden of Butterflies' and be enchanted by the tropical colors of free-flying butterflies from all over the world. All of this is on your route today, which runs through the marshland, in the extensive Sachsenwald and through the nature reserve along the winding Bille. On this day tour, natural and cultural experiences are perfectly combined.

Day 6**Individual departure**

Today, the goodbye is really hard: the beautifully situated and embosomed Zollenspieker Fährhaus hotel, many fascinating day trip destinations and sights along the way, the beautiful and worth cycling bike paths - all that have made this trip a real experience.
