

Through the center of Mallorca

Mallorca

Cycle relaxed from coast to coast

Steep rocks, shimmering salt lakes, dreamy bays and ultimate peace and quiet. It's perhaps not the first thing you'd think about when you think of the Balearic island of Mallorca! But you will after this trip! Eurobike shows you another side of Mallorca and takes you to the quiet heart of the island. In eight days you cycle through typical Mallorcan climes. Olive groves, orange trees and sleepy little villages left and right, day after day. At the end of your trip you'll say only one thing: "Mallorca, mi corazón"!

Tourenverlauf

Day 1 Arrival Playa de Palma

From the airport by taxi to the start hotel.

Day 2 Playa de Palma – Colònia Sant Jordi | approx. 55 km

Welcome briefing. The tour takes you closely along the coastline to Capocorp Vell, the realm of the cyclops (ruins of native inhabitants' dwellings). Typical wind turbines line the way to the saline fields of Llevant with its pink and white shimmering salt lakes. One of the most beautiful beaches in Mallorca is the white sandy beach ,Es Trenc'. In Sant Jordi, you can enjoy even more beaches with crystal clear water.

Day 3 Colònia Sant Jordi – Porto Cristo/surrounding | approx. 55 km

Via Ses Salines to a botanical garden. Visit the picturesque bay near Cala Santanyi. Then cycle through little fishing villages to the famous natural bridge ,Es Pontas'. Near Porto Cristo you find the dragon caves with bizarre shapes and wall paintings. We recommend a visit with a guided tour!

Day 4 Porto Cristo/Umgebung – C'an Picafort | approx. 60 km

Cycle via the sleepy village of Son Carrió to Manacor. Here you find the factories producing the famous artificial pearls, called ,Malloricas'. Countless little shops offer souvenirs and hand-made ceramic everyday objects. Via Petra (typical Mallorcan lunch snack will be prepared) and Santa Margalida through one of the most enchanting landscapes of the island to C'an Picafort. Today you are back to the sandy beaches lining the coast.

Day 5 C'an Picafort – Centre of the island/Inca | approx. 35 - 65 km

Wonderful paths lead you along the World Cultural Heritage site Tramuntanas. This amazing mountain range serves as a backdrop for this valley lined by olive groves. The especially diverse limestone caves in Campanet are well worth a visit. Blending into the rural surroundings is also your accommodation for the next two days. You spend the night in one of the so-called Hotel Rurales, which ooze special charm and are kept and run in the traditional Finca-style.

Day 6**Trip around Puig de Inca**

approx. 55 km

Today's tour takes you around the Puig de Inca, approx. 300 metres in height. You cycle through orange plantations and olive groves to countless Mallorcan villages. Typical stone walls and village squares are the perfect places for a break. We recommend you definitely have a stop in the winegrowers' village of Binissalem. This is the place where the most famous Mallorcan wines are pressed and they can be sampled in various Bodegas.

Day 7**Centre of island/Inca – Playa de Palma**

ca. 35 - 65 km

A day of contrasts. Your tour starts in the rural hinterland and leads you through sleepy little villages. However, as soon as you reach the coast, the island is awake and pulsating along the Playa. A wide variety of restaurants and leisure activities provide an entertaining final day of this holiday.

Day 8**Departure or extension**

After breakfast individual departure or extra nights if booked.

Tour character

Overall the terrain is slightly hilly without any longer ascents. You cycle on side roads, rural tracks and also on cycle paths, with always as little traffic as possible. Nearly the entire route is on tarmac.
