Munich-Meran

## Crossing of the Alps made easy

You start in Munich with big city flair! The Bavarian capital has a lot to offer, be it a rustic stop in a beer garden, the numerous sights and museums or a shopping tour through the chic boutiques. With each stage, the surroundings become more rural. The route takes you over Lake Starnberg to Garmisch-Partenkirchen. If you decide to take the Zugspitzbahn up to an altitude of 2,962 metres, you will be treated to a panoramic view of some 400 Alpine mountains. The idyllic Mittenwald is not only the highest health resort in Germany, you can also take a close look at the artistically decorated house facades.

On the stage through Austria, you will pass Stams with its baroque monastery and the picturesque Imst in the Ötztal valley. Once in South Tyrol, the route leads through the Vinschgau Valley with many great attractions along the way towards Merano. Lake Reschen, Glurns and Schlanders as well as numerous castles, palaces and vineyards line the tour.

# Itinerary

## Day 1 Arrival Munich

Bavaria's state capital awaits its visitors with numerous sights (English Garden, town hall, 'Hofbräuhaus',...).

Welcome briefing and bike fitting in the late afternoon.

## Day 2 Munich – Lake Starnberger See | approx. 45-60 km

From Munich through the Forstenrieder Park onto Lake Starnberger See. From Starnberg on the cycle path directly along the lakeside to Ambach or onwards to Bernried. The lake tempts you with crystal-clear waters and the views are fabulous onto the surrounding mountains.

## Day 3 Lake Starnberger See - Garmisch Partenkirchen | approx. 65 km

Initially a cycle tour past Lake Riegsee to Murnau. Onwards through the nature reserve Murnauer Moos (Central Europe's largest marsh area) and through unspoilt nature following the river Loisach to Garmisch Partenkirchen. Here you have the option of a ride with the Zugspitzbahn up to an altitude of 2962 m (autonomously). From up there you enjoy a stupendous view over the Alps.

## Day 4 Garmisch Partenkirchen - Mittenwald - Leutasch | approx. 40 km

Today you proceed along the beautifully developed cycle path all the way to the river Isar. You cycle through the sunny high mountain valley with marvellous panoramic views onto the Karwendel- and Wettersteingebirge-mountains to Mittenwald. Here we highly recommend a break and to take a stroll through the village with its Lüftlmalerei-painted houses. You then continue in a spectacular fashion through the Leutaschkamm-ravine to Austria. You cycle along the Leutasch-stream through the stunningly beautiful valley all the way into your Day Finish.

## Day 5 Leutasch - Imst | approx. 50 km

Today you cycle over into the Inn-river valley. You leave Leutasch on a country road leading you on gently hilly terrain before an eight-kilometre long descent takes you to Telfs. You cycle on the former towpath along the river Inn and so reach Stams with its Baroque Cistercian monastery. Then via Haiming it is not far to Imst, the so-called 'North Tyrolean Merano'.

**Day 6****Imst - St. Valentin/Burgeis/Mals**

approx. 50 km + bus transfer

Today, you will cycle along the river Inn, past the monastery Zams to Landeck. A bus will take you to Nauders from where you will cycle less than 100 metres in altitude uphill to the mountain pass Reschenpass. From there, you will cycle downhill to Lake Reschensee and continue on minor roads to Mals (many towers in the centre) or to Burgeis at the foot of the castle Marienburg.

**Day 7****St. Valentin/Burgeis/Mals - Merano**

approx. 65 km

Your day starts with a trip to Glurns (perfectly preserved medieval city walls). Then, you will cycle via the Montani ruins, through Schlanders, down to Merano. On your way, you will come across some pretty castles (mountaineer Reinhold Messner's castle Juval) and you will get marvellous views of the impressive mountain massif Ortlermassiv and the mountain pass Stilfserjoch. Since 2004, the Venosta train (Vinschgaubahn) has been operating again between Mals and Merano. You can almost always take this train to travel a part of your journey.

**Day 8****Departure**

Now it would actually be nice to add a few more days ... It is also a great way to continue the tour all the way to Lake Garda.

# Tour character

You cycle on marvellous cycle paths and little side roads and only on very short sections on main roads. Nearly every day there are small ascents to be tackled. The Reschen-pass will be bypassed via a bus transfer, then follows a descent of approx. 1200 metres in altitude to Merano. The route is mainly asphalted, a few longer sections also on well-maintained dirt roads.
